

## Theirs to Corrupt – Official Storyline Playlist

Sierra Cartwright

These are the songs that inspired me when Tessa first meets Link & Pax

▶ ***Wicked Game*** by Chris Isaak

I was thinking about this one when they're at the Rusty Nail and Link first notices Tessa. He's intrigued by her attitude despite the fact she's nervous. (And honestly, this is a song I listen to a lot when I'm working on stories. There's something so haunting about it.)

▶ ***Unchained Melody*** by The Righteous Brothers

Tessa doesn't realize it yet, but Link and Pax are about to change everything for her.

▶ ***Hurt*** by Johnny Cash

When Tessa learns about the full betrayal of her brother and the awful things that he's planning for her.

These speak to me of protection and possession when Link and Pax take her home and claim her as theirs

▶ ***Can't Help Falling in Love*** by Elvis Presley

Even though they aren't ready to admit it, Link and Pax are already becoming obsessed with Tessa.

▶ ***Into My Arms*** by Nick Cave and the Bad Seeds

Tessa is struggling to trust Link and Pax, but deep down, she wants to believe she's finally safe.

▶ ***Come Away With Me*** by Norah Jones

When the boys offer her a choice to stay under their protection, or risk everything by running again.

▶ ***Feeling Good*** by Nina Simone

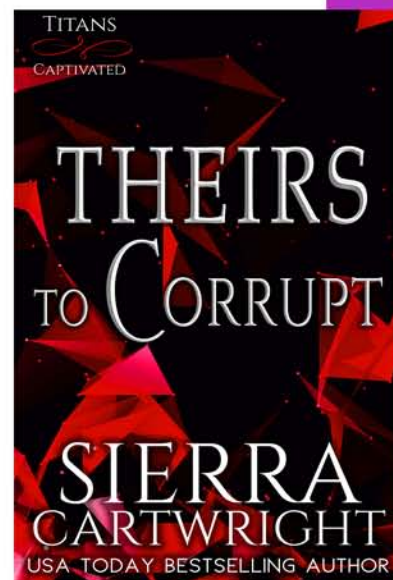

Link's confidence that he will win, no matter what it takes. (He's one determined man!)

When Axels's men come after her

Eyes on Fire by Blue Foundation Link and Pax realize Axel will never stop, and they take matters into their own hands.

▶ ***Kiss From a Rose*** by Seal

I always find this song so haunting. For me it reflects the growing tension between Tessa, Pax, and Link, the danger, the desire.
